

IN THE SUPERIOR COURT FOR THE STATE OF WASHINGTON
IN AND FOR THE COUNTY OF KING

Kristen Price,

Plaintiff,

vs.

Highline Public Schools

Defendant.

NO.

PETITION FOR ENFORCEMENT OF THE
WASHINGTON PUBLIC RECORDS ACT (RCW
42.56)

I. INTRODUCTION

Plaintiff Kristen Price brings this action against Defendant Highline Public Schools ("the District") to enforce compliance with the Washington Public Records Act (PRA), Chapter 42.56 RCW. The District has engaged in a systemic, bad-faith pattern of constructive denial, excessive time extensions, arbitrary retraction of statutory deadlines, and inadequate searches designed to shield controversial administrative decisions from public scrutiny.

II. PARTIES

2.1 Plaintiff Kristen Price is a resident of Burien, Washington, located within King County.

2.2 Defendant Highline Public Schools is a political subdivision and local public agency organized under the laws of the State of Washington, headquartered in King County.

1
2 III. JURISDICTION AND VENUE

3 3.1 This Court has jurisdiction over this matter pursuant to RCW 42.56.550(1).

4 3.2 Venue is proper in King County Superior Court pursuant to RCW 42.56.550(1) because the records
5 are located in King County, the Defendant is situated in King County, and the violations occurred in King
6 County.

7
8 IV. FACTUAL ALLEGATIONS

9 A. The Systemic Pattern of Non-Compliance and Template-Driven Delays

10 4.1 Over a rolling period between May and July 2026, Plaintiff submitted twenty-four (24) distinct,
11 highly narrow, and keyword-restricted public records requests to the District via its official GovQA
12 portal.

13 4.2 Rather than performing the individualized, case-by-case assessment required by law under RCW
14 42.56.520, the District applied a uniform, non-individualized protocol of copy-pasted boilerplate delays
15 across virtually all active files, funneling disparate, simple administrative documents into an indefinite
16 backlog queue.

17 4.3 The twenty-four (24) distinct tracking reference numbers submitted by Plaintiff include: P000959,
18 P000960, P000961, P000965, P000972, P000975, P000976, P000977, P000986, P000993, P000994,
19 P001006, P001010, P001011, P001013, P001024, P001025, P001026, P001027, P001029, P001030,
20 P001031, P001034, and P001036.

21
22 B. Evidence of Selective Processing and Disparate Treatment

23 4.4 The District possesses the operational capacity to process electronic records efficiently when it
24 chooses. On or about two months ago, Plaintiff submitted Reference No. P000960-050726, seeking
25 moderation logs and metadata from the District's North Hill ThoughtExchange forum. The District
26 quickly processed, fulfilled, and closed this request with a status of "Full Release / No Redactions."

1 4.5 However, the moment Plaintiff's inquiries shifted to sensitive matters of executive accountability,
2 personnel investigations, and public expenditures, the District systematically halted production and
3 instituted bad-faith administrative delays.

4 5 C. Active Extortion of Fees and Deadlines Backsliding

6 4.6 On May 21, 2026, Plaintiff submitted Request P000972-052126 regarding the administrative leave of
7 a principal. On July 14, 2026, the District issued a cost estimate declaring that 114 responsive records had
8 already been successfully located and compiled, demanding a fee of \$1.40.

9 4.7 Plaintiff immediately offered to pay the statutory fee on July 14, 2026, and demanded the necessary
10 transaction invoice. The District actively blocked payment, refused to issue the invoice, and on July 16,
11 2026, completely retracted its estimated production date, replacing it with an illegal, open-ended
12 placeholder stating it would produce the files "just as soon as we are able."

13 4.8 The District mirrored this illegal pattern of date retraction on July 16, 2026, across multiple other
14 files. For example, under Reference No. P001036-071326—seeking a single sheet of paper containing an
15 employee's active central office job description—the District retracted its five-week timeline and issued a
16 non-statutory edict commanding the Plaintiff to "please be patient as we search for and review the
17 records."

18 19 D. Defendant's Pretextual Production of Non-Responsive Documents

20 4.9 On July 20, 2026, in an apparent attempt to avoid imminent litigation, the District abruptly closed
21 Reference No. P001036-071326, marking it as a "Full Release." However, the District failed to conduct
22 an adequate search. Instead of producing the requested individualized memorandum of expectations or
23 actual desk assignment records unique to employee Therese Tipton's central office role, the District
24 merely produced a generic, historical 2023 principal job template and a generalized "Floater Admin"
25 document dated July 16, 2026.

1 4.10 The non-responsive nature of the District's July 20, 2026 "Full Release" action is laid bare by the text
2 of the produced documents themselves. While Plaintiff requested specific desk assignments, the District
3 produced a generic building principal template updated in 2023—a role the employee no longer
4 occupies[cite: 1]. Furthermore, the face of the produced '30/60/90-Day Onboarding Plan' explicitly states
5 it was 'last viewed/updated: 7/16/2026'—the exact calendar date the District falsely claimed it could not
6 locate or estimate a timeline for responsive records due to a systemic administrative backlog.

7 4.11 The District's tracking metadata and text content confirm that the records were readily available,
8 immediately accessible, and actively reviewed by administrative staff on July 16, 2026[cite: 2]. The
9 District's production of non-responsive, generic class specifications in lieu of an actual search for the
10 specific, operational personnel records requested constitutes a silent withholding and a failure to conduct
11 a lawful search under the PRA.

12 13 V. CAUSE OF ACTION

14 COUNT ONE: VIOLATION OF THE PUBLIC RECORDS ACT (CHAPTER 42.56 RCW)

15 5.1 Plaintiff realleges all preceding paragraphs as if fully set forth herein.

16 5.2 The District is mandated by RCW 42.56.520 to provide a prompt, valid, and reasonable time estimate
17 for the production of public records.

18 5.3 The District violated the PRA by arbitrarily retracting previously provided deadlines, failing to
19 provide lawful or reasonable time estimates, conditioning the release of 114 pre-located records upon a
20 fee transaction it actively refused to invoice, and failing to perform an adequate search by producing
21 generic templates in place of specific individual assignment files.

22 5.4 The District's systematic practices constitute bad-faith constructive denial and unlawful withholding
23 of public records under the statutory terms of the PRA.

24 25 VI. PRAYER FOR RELIEF

1 Plaintiff Kristen Price respectfully requests that this Court enter judgment in her favor providing the
2 following relief:

- 3
- 4 1. Show Cause Order: Issue an order directing the District to appear and show cause why it has not
5 complied with the Public Records Act;
- 6 2. Order for Immediate Disclosure: Order the District to immediately produce all responsive, non-exempt
7 public records requested under all twenty-three (23) currently withheld, active reference numbers;
- 8 3. Statutory Penalties: Assess a separate daily statutory penalty against the District of up to \$100.00 per
9 day for each day that each individual public records request was unlawfully delayed, withheld, or
10 constructively denied, pursuant to RCW 42.56.550(4);
- 11 4. Litigation Costs: Award Plaintiff all out-of-pocket litigation costs, including filing fees and service of
12 process fees, pursuant to RCW 42.56.550(4); and
- 13 5. Other Relief: Grant such other and further relief as the Court deems just and equitable.
- 14

15 DATED this 20th day of July, 2026.

Describe the Record(s) Requested:

Pursuant to the Washington State Public Records Act (RCW 42.56), I am requesting the following records: 1. Email Communications: All emails, including attachments, sent to or from Superintendent Ivan Duran, Deputy Superintendent Jenniffer Reinig, Dr. Sarah Talbot, and Steve Grubb from January 1, 2026, to the present, containing any of the following keywords: • "North Hill" • "Kimberly Jones" • "Planned Transition" • "Leadership Succession" • "Succession Planning" • "Des Moines Elementary" 2. Internal Slack/Teams Messages: All instant messages (Slack, Microsoft Teams, or Google Chat) between the aforementioned individuals during the same timeframe containing the same keywords. 3. Complaint Logs: Any logs, summaries, or formal reports of complaints filed against Dr. Sarah Talbot by District staff or parents from August 2024 to the present (identifiable student information may be redacted per FERPA, but staff-related conduct records are requested). 4. Meeting Minutes: Notes or minutes from any Cabinet or Executive Leadership Team meetings where the "North Hill Leadership Transfer" was an agenda item.

Be as specific as possible. Failure to provide specific information will result in the delay of fulfilling your request. Please provide all information you have concerning your request.

Preferred Method to Receive Records:

Electronic via Request Center

Please note not all public documents are available in electronic format. If the document(s) requested are not available electronically, we will make them available for inspection or by paper copy in accordance with the Public Records Law.

I, the undersigned do declare as follows: I understand that the use for commercial purposes of public documents which contain lists of individuals, violates Washington State Law and the privacy rights of such individuals. I understand that at a minimum, "commercial purposes" means that such lists will be utilized to contact or affect such individuals to facilitate, in any manner, profit-expecting activity. Therefore, I agree not to use the above-requested document(s) and I acknowledge an affirmative duty to prevent others from using such document(s) for commercial purposes.

I declare under penalty of perjury under the laws of the State of Washington that the foregoing is true and correct:

RE: Public Records Request - Reference # P000959-050726
(Statute of Limitations Clarification)

Dear Ms. Terry,

Thank you for providing the amended notice correcting the statutory citation to RCW 42.56.550(6).

While I appreciate the typographical correction, the District's substantive legal application remains incorrect. Under Washington law, the one-year statute of limitations set forth in RCW 42.56.550(6) does not begin to run upon the partial closure of individual line items or installments while the remainder of a public records request remains active and unfulfilled.

Because the other active portions of Reference # P000959-050726 have not been fully produced or closed by the District, the statutory limitation clock has not been triggered.

Sincerely,
Kristen Price

Dear Kristen Price,

We are writing regarding your public records request Reference # P000959-050726. On June 15, 2026, the District received a response from you withdrawing line item #3 and #4. Thank you for informing us that you are no longer interested in the District fulfilling this portion of your request. Because you've withdrawn line item #3 and #4, this portion of your request was closed prior to being fulfilled on July 14, 2026.

Review this letter within thirty (30) days. Pursuant to RCW 42.56.120, "If an agency makes a request available on a partial or installment basis, the agency may charge for each part of the request as it is provided. If an installment of a records request is not claimed or reviewed, the agency is not obligated to fulfill the balance of the request."

RCW 42.56.550(6), "Actions under this section must be filled within one year of the agency's claim of exemption or the last production of a record on a partial or installment basis". The statute of limitations under this section begins on the date of this letter.

Let us know if you have any questions within 14 days of the date of this letter.

Dear Ms. Terry,

Thank you for confirming the closure of Line Items #3 and #4 per my June 15 withdrawal notice.

For the record, please note that your letter contains a significant legal error regarding the statute of limitations. There is no "RCW 42.46.550(6)" under Washington law. To the extent the District meant to reference the Public Records Act enforcement provision under RCW 42.56.550(6), the statutory one-year limitation period does not begin to run upon the partial closure of individual line items while the remainder of the request remains active and unfulfilled.

I look forward to the prompt production of the remaining active portions of Reference # P000959-050726.

Dear Ms. Terry,

I acknowledge your position that adding staff or changing search terms on an existing file changes the original meaning of the request rather than narrowing it.

To comply strictly with your structural guidelines for narrowing a request—specifically by reducing the time frame and eliminating specific items—I am immediately amending the parameters of Reference # P000959-050726 as follows:

Drastic Timeframe Reduction: The original search window spanned over two years from January 1, 2024. I am narrowing the search dates strictly to April 1, 2026, through May 7, 2026. This completely eliminates 27 months of data.

image_16.png).

The search query should now strictly look for the remaining high-specificity terms:

"North Hill", "Kimberly Jones", and "Des Moines Elementary".

3.

Item Removal: I am completely removing item #3 ("Complaint Logs") and item #4 ("Meeting Minutes") from this specific request request. This eliminates any need for your office to cross-reference Cabinet or Executive Leadership agendas or logs.

By cutting the timeframe down to a single 5-week block, removing three open-ended keywords, and entirely deleting items #3 and #4, the district's original 7,233 hit count should be reduced to a tiny fraction of its original size. Please run this newly narrowed, compliant query across the custodians originally specified in the May 7 request. Please provide the updated, adjusted fee invoice so we can move forward with the immediate release of the first installment.

Sincerely,
Kristen Price

Dear Kristen Price,

Thank you for response. First, we would like to acknowledge that the public records request process is extremely complex. In addressing your email dated June 15, 2026, a requester is not able to add additional staff members to a submitted request as we previously indicated to you in a different request. If you would like records for other staff, you will need to submit a new request. As far as emails, all emails within an email string are all considered original

request. When narrowing a request, you may for example reduce the time or remove a specific type of record or the name of a staff member. Below is your original request and clarification. Let us know if you would like to eliminate an item or shorten the search time to narrow your request.

Search dates 1/1/2024 to 5/7/2026

Pursuant to the Washington State Public Records Act (RCW 42.56), I am requesting the following records:

1. Email Communications: All emails, including attachments, sent to or from Superintendent Ivan Duran, Deputy Superintendent Jenniffer Reinig, Dr. Sarah Talbot, and Steve Grubb from January 1, 2026, to the present, containing any of the following keywords:

- "North Hill"
- "Kimberly Jones"
- "Planned Transition"
- "Leadership Succession"
- "Succession Planning"
- "Des Moines Elementary"

2. Internal Slack/Teams Messages: All instant messages (Slack, Microsoft Teams, or Google Chat) between the aforementioned individuals during the same timeframe containing the same keywords.

3. Complaint Logs: Any logs, summaries, or formal reports of complaints filed against Dr. Sarah Talbot by District staff or parents from August 2024 to the present (identifiable student information may be redacted per FERPA, but staff-related conduct records are requested).

4. Meeting Minutes: Notes or minutes from any Cabinet or Executive Leadership Team meetings where the "North Hill Leadership Transfer" was an agenda item.

Dear Ms. Terry,

Thank you for providing the preliminary cost estimate and hit count for request #P000959-050726.

A volume of 7,233 records indicates that the initial search query was applied too broadly across the district's servers, pulling in automated notifications, calendar invites, or unrefined keyword matches. I have no desire to burden the district with reviewing 7,000+ non-essential files, nor do I intend to pay for unrefined data dumps.

To drastically reduce the record count, eliminate the need for a large down payment, and expedite your office's review time,

I am immediately narrowing the scope of this specific request as follows:

1.

Exclude All Duplicate Email Threads: Please apply a standard email deduplication filter so that only the final, unique email chains are counted and reviewed.

2.

Exclude Automated Notifications: Please exclude all automated system alerts, listserv blasts, calendar invites, and daily newsletters.

3.

Target Core Personnel Only: Limit the electronic search parameters strictly to communications to or from Superintendent Dr. Ivan Duran, Chief Policy Officer Holly Ferguson, and HR Executive Director Sara Baker regarding the May 2026 leadership changes.

Please run this narrowed query across the existing pool of gathered documents. This targeted approach should drop the file count significantly and lower the processing fee down to a nominal amount.

Once you provide the updated, narrowed hit count and its adjusted cost based on these parameters, I will gladly authorize the immediate release of the first installment.

Sincerely,

We are writing to provide you with a preliminary estimated cost. So far, we located approximately 7233 records which will cost \$90.04 to upload into this portal. The cost is expected to rise as we locate additional records This request will be time consuming to fulfill. We will need to produce the records in installments.

Please review the invoice attached. We will begin reviewing the records after we receive your consent to the fees and down payment. Please login to the Records Center at the following link to check the status of your request and correspond with the public records officer. If we do not receive your consent to the fees and your payment within 30 days, we will consider your request abandoned and your request will close without being fulfilled. RE: PUBLIC RECORDS REQUEST of May 07, 2026., Reference # P000959-050726,
Five-Day Letter

Dear Kristen Price,

Highline Public Schools received a public records request from you dated May 07, 2026. We would like to inform you that we are only able to provide the records to you to the extent that the records exist in the District. We will search for records from 1/1/2024 to 5/7/2026, which is the date of your request. We are unable to search for records that are dated beyond the date of May 7, 2026. This request is going to be expensive and time consuming to fulfill. We may need to ask you to clarify a portion of your request at a later date if we determine that the request is unclear. You requested the following:

"Pursuant to the Washington State Public Records Act (RCW 42.56), I am requesting the following records:

1. Email Communications: All emails, including attachments, sent to or from Superintendent Ivan Duran, Deputy Superintendent Jenniffer Reinig, Dr. Sarah Talbot, and Steve Grubb from January 1, 2026, to the present, containing any of the following keywords:

- "North Hill"
- "Kimberly Jones"
- "Planned Transition"
- "Leadership Succession"
- "Succession Planning"
- "Des Moines Elementary"

2. Internal Slack/Teams Messages: All instant messages (Slack, Microsoft Teams, or Google Chat) between the aforementioned individuals during the same timeframe containing the same keywords.

3. Complaint Logs: Any logs, summaries, or formal reports of complaints filed against Dr. Sarah Talbot by District staff or parents from August 2024 to the present (identifiable student information may be redacted per FERPA, but staff-related conduct records are requested).

4. Meeting Minutes: Notes or minutes from any Cabinet or Executive Leadership Team meetings where the "North Hill Leadership Transfer" was an agenda item."

Please review a copy of our fee schedule which is located here <https://www.highlineschools.org/departments/records/public-records>. We will inform you in advance if charges will apply and you will be given an opportunity to consent to the charges in advance.

We will notify you by **October 6, 2026**, to provide you with your first installment. We hope to complete your request by April 6, 2027. This estimated time frame is based on the following factors:

- The fact that you requested records that may need to be redacted and redaction log created
- The fact that the district will be closed for an upcoming holiday

Please note that RCW 42.56.070 provides in part:

(8) This chapter shall not be construed as giving authority to any agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives to give, sell or provide access to lists of individuals requested for commercial purposes, and agencies, the office of the secretary of the senate, and the office of the chief clerk of the house of representatives shall not do so unless specifically authorized or directed by law.....

Describe the Record(s) Requested:

I am specifically requesting all 'hidden' or 'moderated' comments from the North Hill ThoughtExchange, as well as the 'moderation logs' showing who suppressed these comments and why. I am also requesting the metadata for the ThoughtExchange to see the total number of unique participants vs. the number of comments published.

Be as specific as possible. Failure to provide specific information will result in the delay of fulfilling your request. Please provide all information you have concerning your request.

Preferred Method to Receive Records:

Electronic via Request Center

Please note not all public documents are available in electronic format. If the document(s) requested are not available electronically, we will make them available for inspection or by paper copy in accordance with the Public Records Law.

I, the undersigned do declare as follows: I understand that the use for commercial purposes of public documents which contain lists of individuals, violates Washington State Law and the privacy rights of such individuals. I understand that at a minimum, "commercial purposes" means that such lists will be utilized to contact or affect such individuals to facilitate, in any manner, profit-expecting activity. Dear Ms. Terry,

Thank you for providing the standard spreadsheets. However, your response leaves the core of my request unfulfilled.

While the user-facing "Exchange Data Spreadsheet" may only show a static, binary approval status, the software platform itself (ThoughtExchange) inherently tracks and archives system audit logs, moderation history, change logs, and administrative actions (including timestamps of status changes and the identities/credentials of the accounts performing moderation actions).

Under the Washington Public Records Act, electronic metadata and system audit logs maintained by an agency's third-party software vendor on the agency's behalf are public records subject to disclosure.

Please request that the system administrator or the vendor (ThoughtExchange) export the raw system audit logs, moderation queue history, and administrator action logs for this specific exchange, showing the timestamps and administrative accounts associated with any "unapproved" or moderated thoughts.

Thank you,

Dear Kristen Price,

We are responding to your email dated July 8, 2026. Thank you for providing additional detail regarding the records you are requesting. As a courtesy, we are providing the Exchange Data Spreadsheet and Summary Spreadsheet. ThoughtExchange confirmed that the moderation column in the Exchange Data Spreadsheet indicates only whether a thought has been approved and does not include metadata on the moderation history. Please login to the [Records Center](#) at the following link to retrieve the four documents.

Hi Michelle,

I am formally rejecting this response and the closing of this request. Your assertion that 'the ThoughtExchange portal does not have a report that the District is able to run' directly contradicts the native technical architecture of the ThoughtExchange platform.

Per ThoughtExchange's standard software utility, any user with 'Exchange Leader' or 'Data Analyst' status has access to the 'Data Download' function located within the platform's Reports tab. Generating this download natively produces a ZIP file containing the following standard spreadsheets:

1.
The Exchange Data Spreadsheet: Which explicitly catalogs every thought submitted alongside its raw historical moderation status.
2.
The Summary Spreadsheet: Which details the exact metadata of the exchange, including total counts of unique participants vs. total thoughts.

The district is legally required to disclose the underlying data files it holds, not merely provide highly selective, static screenshots of an empty review queue taken after the fact.

Please bypass the public relations invitation to meet with Communications Officer Tove Tupper. I do not require a PR meeting; I require the raw public records. Please execute the native platform 'Data Download' report and upload the spreadsheet files to this portal immediately as required by RCW 42.56.

Thanks,

KristenFrom: Highline Public Schools Records Center

Dear Kristen Price,

We are responding to your email dated July 7, 2026, regarding the ThoughtExchange records that we provided to you. We are again informing you that the ThoughtExchange portal does not have a report that the District is able to run on the records that you requested. Michelle,

I am writing to formally reject the closing of this request, as the provided screenshots do not satisfy the specific legal scope of my inquiry under Chapter 42.56 RCW.

The provided screenshots are static views of the platform interface, not the actual records requested. I specifically require:

The Comprehensive Audit/Moderation Log: I am requesting the system-generated history log (exported via CSV/Excel) showing the chronological timeline of all moderation actions. The provided screenshots show that comments regarding school leadership were 'Reported by: Machine' for being 'Potentially identifying.' I require the historical log showing exactly when these thoughts were flagged, how long they were withheld from public view, and the user accounts that manually altered their status.

The Exchange Metadata: The screenshots completely omit the requested participation metadata. Please provide the platform analytics report showing the total number of unique, verified participants vs. the total number of thoughts successfully published.

Presenting a cleared review queue dashboard does not fulfill the district's obligation to provide the historical, underlying public records of this exchange. Please pull the actual backend reports and supplement this file immediately.

Subject: Formal Challenge to Premature Closure / Notice of Withheld Public Records

To the Public Records Officer,

This message serves as my formal challenge to the closure of request #P000960-050726.

The five "Interactive Web Reports" uploaded by your office consist entirely of front-facing, publicly available forum summaries. They completely omit the actual, non-exempt public records explicitly demanded in my original request:

1. The specific text of all "hidden," "flagged," or "moderated" comments submitted by participants to the North Hill ThoughtExchange.
 2. The internal "moderation logs" and system audit trails showing the specific administrative actions taken to suppress these comments, including the metadata detailing who removed them and the reasons selected for doing so.
- The closing letter states that the district is only able to provide records to the extent they exist. The ThoughtExchange software platform automatically

By providing only polished public summaries and completely withholding the requested backend administrative data, the district has failed to complete an adequate search and has constructively denied access to responsive records without providing a statutory exemption log under RCW 42.56.210.

Please immediately reopen this file and produce the actual hidden comments and moderation logs requested. If the district maintains that these administrative logs are legally exempt from public disclosure, please provide a formal exemption log citing the exact statutory code you are relying on to withhold them.

Sincerely,
Kristen Price

Describe the Record(s) Requested:

Pursuant to the Washington Public Records Act (RCW 42.56), I am requesting any and

the district. All records relating to background checks, reference checks, reference questionnaires, or interview panel notes and score sheets from her hiring process. Any internal or external correspondence (including emails and text messages) among members of the hiring committee, HR department, or superintendent's cabinet regarding her candidacy, qualifications, or previous employment at Seattle Public Schools. Please provide these records in an electronic format. If any portions are redacted, please provide a comprehensive exemption log citing the specific RCW.

Be as specific as possible. Failure to provide specific information will result in the delay of fulfilling your request. Please provide all information you have concerning your request.

Preferred Method to Receive Records:

Electronic via Request Center

Please note not all public documents are available in electronic format. If the document(s) requested are not available electronically, we will make them available for inspection or by paper copy in accordance with the Public Records Law.

I, the undersigned do declare as follows: I understand that the use for commercial purposes of public documents which contain lists of individuals, violates Washington State Law and the privacy rights of such individuals. I understand that at a minimum, "commercial purposes" means that such lists will be utilized to contact or affect such individuals to facilitate, in any manner, profit-expecting activity. Therefore, I agree not to use the above-requested document(s) and I acknowledge an affirmative duty to prevent others from using such document(s) for commercial purposes.

Estimates - Reference # P000972-052126 and Reference # P000975-052226

Dear Ms. Terry,

I am in receipt of your identical responses for both Reference # P000972-052126 and Reference # P000975-052226, stating that the District will review and provide these records "just as soon as we are able."

Please be advised that "just as soon as we are able" is a flat violation of the Washington Public Records Act. Under RCW 42.56.520, the District is strictly required to provide a specific, reasonable estimate of time. Retracting previously established dates and replacing them with indefinite, open-ended placeholders constitute an active constructive denial of these requests.

If the District does not provide the payment invoices (where applicable) and definitive, immediate release dates for both of these pre-located batches of records by tomorrow, July 17, 2026, at 5:00 PM, I will proceed with formal legal action in Superior Court without further notice.

Sincerely,
Kristen Price

RE: Public Records Request Cost Estimate & Delivery Timeline
- Reference # P000972-052126

Dear Ms. Terry,

I am writing in response to the cost estimate and installment timeline provided for Reference # P000972-052126.

Your notice explicitly states that the District has already located approximately 114 records responsive to this request. Because these specific records have already been identified and assembled by the public records unit, withholding their production until late October 2026 constitutes an unreasonable delay and a constructive denial under Chapter 42.56 RCW.

While an administrative backlog may impact the time it takes to search for undiscovered documents, it does not legally justify holding a finite, pre-assembled batch of 114 records hostage for months.

production of these 114 already-located records within the standard 5 business days.

If the District refuses to release these assembled records upon payment, please provide the specific operational justification for why a batch of 114 files requires months to transmit electronically.

Sincerely,
Kristen Price

RE: PUBLIC RECORDS REQUEST of May 21, 2026., Reference # P000972-052126, **Five-Day Letter**

Dear Kristen Price,

Highline Public Schools received a public records request from you dated May 21, 2026. After reviewing your request, we have determined that your request is broad. This request will be expensive and time consuming to fulfill due to the large volume of records that you requested. We anticipate the need to provide you with the records in installments due to the volume. Additionally, we will only be able to provide you with the requested records to the extent that the records are in the District's possession. We will provide you with an preliminary estimated cost by July 14, 2026. We will ask you to pay a downpayment of 10% before we begin to review the documents. You requested the following:

"Pursuant to the Washington Public Records Act (RCW 42.56), I am requesting any and all records, including emails, text messages, memos, and letters, from April 1, 2026, through the present date, regarding the employment status, reassignment, administrative leave, or separation of Principal Therese Tipton from Raisbeck Aviation High School.

Please review a copy of our fee schedule which is located here

<https://www.highlineschools.org/departments/records/public-records>.

We will notify you by July 14, 2026, to provide you with a preliminary cost

- The volume and complexity of other public records requests currently pending with the District
- The volume and complexity of your request
- The fact that the district will be closed for an upcoming holiday

Please note that RCW 42.56.070 provides in part:

Describe the Record(s) Requested:

Pursuant to the Washington Public Records Act (RCW 42.56), I am requesting any and

complaint filed regarding Dr. Sarah Talbot. Please restrict this search to correspondence to, from, or copying Dr. Ivan Duran, Jenniffer Reinig, and Dr. Steve Grubb between May 1, 2026 and May 22, 2026. Please provide these records electronically.

Be as specific as possible. Failure to provide specific information will result in the delay of fulfilling your request. Please provide all information you have concerning your request.

Preferred Method to Receive Records:

Electronic via Request Center

Please note not all public documents are available in electronic format. If the document(s) requested are not available electronically, we will make them available for inspection or by paper copy in accordance with the Public Records Law.

I, the undersigned do declare as follows: I understand that the use for commercial purposes of public documents which contain lists of individuals, violates Washington State Law and the privacy rights of such individuals. I understand that at a minimum, "commercial purposes" means that such lists will be utilized to contact or affect such individuals to facilitate, in any manner, profit-expecting activity. Therefore, I agree not to use the above-requested document(s) and I acknowledge an affirmative duty to prevent others from using such document(s) for commercial purposes.

I declare under penalty of perjury under the laws of the State of Washington that the foregoing is true and correct:

Yes

Many requests for inspection or copying of public records can be completed by the close of the next business day following the day the request is made. If your request is not complicated and the record readily available, it may be processed at the time it is received. In some circumstances the processing of your request or an official response to your request may take up to five (5) business days. The department cannot respond to your request to inspect or copy a record unless this form and declaration of non-commercial use is completed. If you have questions, please ask one of our employees. Thank You.

- Reference # P000975-052226

Dear Ms. Terry,

I am in receipt of your cost estimate and installment timeline for Reference # P000975-052226.

As the District has explicitly stated it has already located these specific 22 records, sitting on them for months until late October constitutes an unreasonable delay and a constructive denial under Chapter 42.56 RCW. A generalized administrative backlog does not legally justify delaying the disclosure of finite, already-assembled records.

Please provide the payment invoice for the \$0.25 fee today. I will pay it immediately, and I expect the upload and production of these 22 records within 5 business days of payment.

Thanks,

Dear Kristen Price,

We are writing to provide you with a preliminary estimated cost. So far, we located approximately 22 records which will cost .25 cents to upload into this portal. This cost is expected to rise as we locate additional records. We have decided not to request a downpayment from you at this time. We estimate that we will need to produce the records in installments. We will respond to you by October 27, 2026, to provide you with your first installment. We hope to complete your request by that same day. This response date fall along the time of other requests that were submitted around the same time as this request.

RE: PUBLIC RECORDS REQUEST of May 22, 2026, Reference # P000975-052226

We are writing to respond to your email about how deadlines are set for public records requests. There are numerous deadlines that are set for requests including deadlines for requesters, staff members, employee's and third parties. There are times when staff members require additional time to search for responsive records. We always accommodate requests for additional time to be sure all responsive records are gathered. As the records are gathered, the public records officer proceeds with reviewing and redacting all responsive records, and if applicable, notifies staff and third parties before records are released.

All deadlines for new requests are set according to the number of requests that are pending with the District, and by the complexity of the request. The request that you submitted will require a considerable amount of time to fulfill, and, depending upon the number of records that we locate, might be very expensive. The deadlines that we set for requests are estimates. For instance, we might be able to fulfill a request before a scheduled deadline. On the contrary, circumstances may arise when we need to extend a deadline. Every request that we receive is unique and we do our best to fulfill them as quickly and accurately as possible.

Let us know you have any questions.

Dear Kristen Price,

Thank you for clarifying the HR staff to be Steve Grubb and Sharon Colby. Once a request is submitted, we are unable to broaden a request, therefore, we are unable to broaden your request to include Adriana Lara Espinosa and Marissa Sanchez to receive additional records from staff members that were not mentioned in your original request. you will need to submit a new request. Thank you for your response and for the opportunity to clarify my request dated May 22, 2026, regarding the Policy 4312 complaint filed about Dr. Sarah Talbot.

To resolve your question regarding HR staff and to ensure a highly efficient, narrow search that reduces the district's administrative burden, I am clarifying that the search for Human Resources records should be restricted exclusively to the following two custodians:

1

Dr. Steve Grubb, Associate Superintendent of Human Resources

2

Sharon Colby, Executive Assistant to the Associate Superintendent of Human Resources

For absolute clarity, the complete list of custodians for this entire request is limited strictly to: Dr. Ivan Duran, Jenniffer Reinig, Dr. Steve Grubb, Adriana Lara Espinosa, Marissa Sanchez, and Sharon Colby.

Given that this clarified scope is now restricted to just three cabinet members and their immediate executive assistants, over a very tight 21-day window (May 1, 2026, to May 22, 2026), the volume of responsive records should be minimal.

Because this request involves an active, ongoing matter of significant public interest regarding building leadership, a preliminary cost estimate date of July 21, 2026, is an unreasonable delay for such a narrow custodian list. I request that the District re-evaluate this timeline and provide an updated, expedited estimate for production within 5 business days.

Sincerely,
Kristen Price

RE: PUBLIC RECORDS REQUEST of May 22, 2026., Reference # P000975-052226. Five-Day Letter and Request to Clarify

Highline Public Schools received a public records request from you dated May 22, 2026. After reviewing your request, we have determined that your request is broad. This request will be expensive and time consuming to fulfill due to the large volume of records that you requested. We anticipate the need to provide you with the records in installments due to the volume. Additionally, we will only be able to provide you with the requested records to the extent that the records are in the District's possession. We will provide you with an preliminary estimated cost by July 21, 2026. We will ask you to pay a downpayment of 10% before we begin to review the documents. We have a question about your request that we would like you to clarify.

You asked for: "Pursuant to the Washington Public Records Act (RCW 42.56), I am requesting any and all internal correspondence, emails, text messages, meeting minutes, and notes from within the Highline Public Schools Superintendent's Cabinet and Human Resources department regarding the intake, review, evaluation, and closure of the Policy 4312 complaint filed regarding Dr. Sarah Talbot. Please restrict this search to correspondence to, from, or copying Dr. Ivan Duran, Jenniffer Reinig, and Dr. Steve Grubb between May 1, 2026 and May 22, 2026. Please provide these records electronically." We are unsure of the names of the HR staff members that you are asking us to search. Will you provide the staff names? Will you please clarify your request?

Please clarify your request by **May 29, 2026**. You may respond by logging into the Records Center. and reference your Public Records Request # P000975-052226 .

Please review a copy of our fee schedule which is located here <https://www.highlineschools.org/departments/records/public-records>. We will inform you in advance if charges will apply and you will be given an opportunity to consent to the charges in advance.

We will notify you by **July 21, 2026**, to provide you with a preliminary cost estimate. This estimated time frame is based on the following factors:

- The volume and complexity of other public records requests currently pending with the District
- The volume and complexity of your request
- The fact that you requested records that may need to be redacted and redaction log created
- The fact that the district will be closed for an upcoming holiday

Please note that RCW 42.56.070 provides in part:

(8) This chapter shall not be construed as giving authority to any agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives to give, sell or provide access to lists of individuals requested for commercial purposes, and agencies, the office of the secretary of the senate, and the office of the chief clerk of the house of representatives shall not do so unless specifically authorized or directed by law.....

Dear Kristen Price:

Thank you for your interest in public records of Highline Public Schools. Your request has been received and is being processed in accordance with the State of Washington Public Records Act, Chapter 42.56 RCW. Your request was received in this office on 5/22/2026 and given the reference number **P000977-052226** for tracking purposes. NOTE: The day the request is received does not count as one of the five (5) days. Weekends and holidays observed by the agency are also excluded in the calculation. If your request has been submitted on the weekend, or on a holiday, the date received is the next business day.

Records Requested: *This request was submitted on May 22, 2026, when attempting to narrow a previously submitted request P000975. At the same time of narrowing the request, the requester attempted to broaden the previously submitted request. This new request was created to search to two staff members that were not named in the original request; Adriana Lara Espinosa and Marissa Sanchez.*

Pursuant to the Washington Public Records Act (RCW 42.56), I am requesting any and all internal correspondence, emails, text messages, meeting minutes, and notes from regarding the intake, review, evaluation, and closure of the Policy 4312 complaint filed regarding Dr. Sarah Talbot.

Please restrict this search to correspondence to, from, or copying Dr. Ivan Duran, Jenniffer Reinig, and Dr. Steve Grubb between May 1, 2026 and May 22, 2026. Please provide these records electronically.

Not all public documents are available in electronic format. If the document(s) requested are not available electronically, we will make them available for inspection or by paper copy in accordance with the Public Records Act, Chapter 42.56 RCW.

Your request will be forwarded to the relevant department(s) to locate the information you seek and to determine the volume and any costs associated with satisfying your request. You will be contacted about the availability and/or provided with copies of the records in question.

PLEASE NOTE: The State of Washington Public Records Act, Chapter 42.56 RCW, does not require a governmental body to create new information, to do legal research, or to answer questions.

You can monitor the progress of your request at the link below and you'll receive an email when your request has been completed. Again, thank you for using the Records Center.

Describe the Record(s) Requested:

To the Public Records Officer, Pursuant to the Washington State Public Records Act (RCW 42.56), I am requesting copies of public records specifically concerning the recent administrative decisions to transfer the principal out of Tyee High School, and the subsequent selection and placement of the incoming principal at Tyee High School. To keep this request as narrow and efficient as possible, I am limiting the scope to records created, sent, or received between April 1, 2026, and June 7, 2026, restricted to the following items: 1. The Outgoing Transfer: All emails, text messages, and internal memos to or from Superintendent Dr. Ivan Duran, Chief Human Resources Officer (or HR leadership), and Executive Directors of Schools regarding the decision to reassign or transfer the sitting principal out of Tyee High School. 2. The Incoming Placement: All emails, text messages, and internal correspondence regarding the decision-making process, rationale, and final selection of the specific individual placed as the new or interim principal at Tyee High School. 3. Staff Announcement: The final internal directive, email notification, or talking points prepared for or sent to Tyee High School staff announcing these leadership changes. Search Parameters: Please limit the search for these specific communications to the email accounts and district-issued mobile devices of Superintendent Dr. Ivan Duran, the Human Resources cabinet, and the Executive Directors of Schools. Thank you for your assistance. I look forward to your initial response within the statutory five-business-day window. Sincerely, Kristen Price 206.852.0954 18171 5th Ave S, Burien, WA 98148

Schools. To expedite this request and minimize processing time, the scope is strictly limited to the 2025–2026 school year (September 1, 2025, through June 13, 2026) and is restricted to building-level principals/administrators placed on approved leave, administrative leave, or reassigned to central office roles during this timeframe.

Requested Records: 1. Payroll and Compensation Ledgers: Itemized payroll, salary, and benefit disbursement records demonstrating the total public funds paid out to the following specific administrators while on leave or following their building removal: Ms. Tipton (Raisbeck Aviation High School) Ms. Talbot The 2025–2026 Principal of Des Moines Elementary School 2. Settlement and Separation Agreements: Any finalized settlement agreements, separation agreements, non-disclosure agreements, or memorandum of understanding (MOU) detailing public funds, severances, or paid leaves promised or paid out to the three administrators listed above. 3. Leave Directives: The specific, official personnel directives or letters issued by the Superintendent or Human Resources detailing the start date, parameters, and financial status (paid/unpaid) of the leaves for the three administrators listed above. **Narrowing and Format Parameters:** This request does not seek general correspondence, community emails, or broad keywords. It is strictly limited to the finalized financial accounting, payroll lines, and official leave directives for these three specific positions. Please provide these records in their native electronic format (e.g., PDF, Excel) via email or digital download. Subject: Formal Objection to Estimated Completion Date (December 8, 2026)

To the Public Records Officer,

This message serves as my formal objection to the non-compliant and entirely unreasonable timeline provided in your five-day response letter, which estimates the first installment date to be December 8, 2026.

I have submitted a comprehensive breakdown of my objection directly to the personal inboxes of Michelle Terry, Board President Joe Van, and Chief Policy Officer Holly Ferguson because your office continues to issue critical updates from an unmonitored portal email address that blocks community responses. To ensure this objection is cataloged within your proprietary system, I am stating here for the record that an estimated six-month delay to produce basic payroll lines, compensation ledgers, and finalized separation agreements for only three explicitly named administrators is a clear violation of RCW 42.56.080's mandate for the "most timely possible action".

These records are discrete, static, and easily exported. There are no broad keyword pools or massive electronic data volumes to sort through.

Please revise this installment schedule immediately to reflect a lawful, good-faith timeline. If the district maintains its position that it requires 180 days to retrieve standard salary logs for three administrators, I will submit this entire thread to the Washington State Attorney General's Open Government Division as evidence of systemic administrative stalling.

I expect an updated, reasonable estimate for the first installment by the end of the business week.

Sincerely,

Kristen Price

Pursuant to the Washington State Public Records Act (RCW 42.56), I am requesting the following specific, narrow personnel and investigative records maintained by Highline Public Schools regarding Ms. Tipton (former principal of Raisbeck Aviation High School). To expedite processing and eliminate broad keyword searches, this request is strictly limited to the date range of January 1, 2026, through June 14, 2026, and is restricted to the following items: Requested Records: 1. Formal Complaints and Reports: Any written complaints, whistleblower reports, or formal allegations filed with the Superintendent's Office, the School Board, or the Human Resources Department against Ms. Tipton that served as the basis for the decision to place her on "approved leave" or administrative leave. 2. Investigation Requisitions and Notifications: The formal notice of investigation or intake report issued by the district (or an external investigator) regarding allegations against Ms. Tipton, as well as the official letter directing her to be placed on leave pending an investigation. 3. Final Findings and Discipline Letters: Any finalized investigative findings, letters of reprimand, or written disciplinary actions issued to Ms. Tipton by Superintendent Dr. Ivan Duran or Human Resources leadership regarding her employment status or building removal. Exclusions to Minimize Delay: This request does not seek general, non-privileged staff or community emails about Ms. Tipton. It is strictly limited to formal intake complaints, official investigation files, and final disciplinary/leave directives. The district may apply standard statutory redactions for student personally identifiable information (under FERPA) or private citizen contact information as required by law, provided a compliant exemption log is attached. Under RCW 42.56.520, I look forward to your response or an installment schedule within five business days.

Dear Ms. Terry,
I am writing directly to your inbox to formally object to the bad-faith timeline and highly defective five-day response letter issued for request #P000994-061426.

Estimating December 17, 2026—more than six full months from today—to produce targeted, formal intake complaints and official investigation notices regarding a single administrator is an egregious violation of RCW 42.56.080.

The bad faith of this six-month delay is made plain by the text of the notification itself. The letter your office issued contains unedited template placeholders, instructing staff to "PASTE OUR INTERPRETATION HERE" and "ENTER RESPONSE DATE". Your office did not even read or interpret this request; it simply rubber-stamped an automated, half-year delay to keep the catalyst for Ms. Tipton's removal hidden from the public through the end of the calendar year.

As explicitly stated in the request, this file excludes general staff or community emails. It is limited to a finite set of records: the formal intake complaint, the official notice of investigation, and any final disciplinary letters issued by the Superintendent. These records either exist in HR's active files right now or they do not.

Please revise this installment schedule immediately to a standard, compliant timeframe. This unedited, automated template drop will be included in my formal log to the Washington State Attorney General's Open Government Division as clear evidence that Highline Public Schools is abusing the public records process to delay transparency.

Sincerely,
Kristen Price

A six-month delay to retrieve high-specificity, formal personnel intake files and investigation notices for a single individual violates the promptness mandate of RCW 42.56.080.

The defensive, rubber-stamped nature of this delay is exposed by the fact that your office issued a letter containing unedited internal staff instructions, including "PASTE OUR INTERPRETATION HERE OR REMOVE IF NOT APPLICABLE" and "clarify your request by ENTER RESPONSE DATE". Your office did not perform an individual assessment of this narrow request before pushing it out six months into the winter.

This request explicitly excludes broad keyword searches or general community email strings. The files sought are discrete administrative records that are either actively in the possession of Human Resources and the Superintendent's office or they do not exist.

Please reopen this file and provide a lawful, good-faith estimate for the first installment by the end of the business week. This non-compliant response and its unedited placeholders have been sent directly to the Board President and will be submitted to the Washington State Attorney General's Office as clear documentation of administrative obstruction.

Clarification Response for Request # P001006-061926

To the Public Records Officer:

Thank you for your initial response and acknowledgment. In response to your request for clarification regarding line item #1:

In addition to the specific searches for Dr. Ivan Duran, Joe Van, and Adriana Espinosa across all line items, please include the following specific individuals and general office custodians for the keywords and parameters specified in line item #1:

1. Specific Staff Members:

Ellie Daneshnia (Executive Director of Capital Planning / Staff Liaison)

Melissa Coan (Executive Assistant to the Superintendent and Board of Directors)

Any other direct administrative assistants, secretaries, or executive assistants physically working within or assigned to the Office of the Superintendent and the Board of Directors.

2. Departmental Accounts: Please include a search of the general public-facing email inboxes or shared communication channels managed by the administration for receiving public testimony requests, including but not limited to highlineschoolboard@highlineschools.org and publictestimony@highlineschools.org (or the corresponding active functional email addresses utilized by the district to process public speaker sign-ups for the June 18, 2026 meeting).

This provides the definitive organizational scope and individual names necessary to fulfill the search parameters for the Office of the Superintendent and Board of Directors. Please proceed with processing this request.

Thank you,
Kristen Price

Describe the Record(s) Requested:

Pursuant to the Washington Public Records Act (Chapter 42.56 RCW), I am formally requesting the electronic production of the following public records concerning the district's policies, guidelines, and internal discussions regarding copyright restrictions and a requestor's right to copy public records: 1. Internal Communications Regarding Copyright Restrictions: All emails, text messages, Microsoft Teams chats, or internal memos sent to, from, or between Katie Virga, Tanisha Felder, Gina Garcia Pena, and any staff within the Curriculum and Instruction Department or Policy & Strategy team concerning the restriction of copying, scanning, or photographing instructional/curriculum materials due to "copyright laws" or proprietary vendor agreements. 2. Policy and Guidance Documentation: Any formal guidelines, training presentations, legal advisories, or standard operating procedures distributed to district staff or public records custodians outlining how to handle public records requests or parent requests when copyright claims intersect with the right to inspect and copy under Chapter 42.56 RCW. 3. Specific Correspondence Tracking: All internal discussions, draft responses, and notes between June 1, 2025, and July 31, 2025, regarding the handling of parent inquiries or public records requests from Lauren Schmidt concerning ELA curriculum inspection and copying. Please provide these records electronically to my email address or upload them directly to the GovQA Records Center portal. Thank you, Kristen Price

Be as specific as possible. Failure to provide specific information will result in the delay of fulfilling your request. Please provide all information you have concerning your request.

Preferred Method to Receive Records:

Dear Kristen Price,

We are writing to respond to your email about how deadlines are set for public records requests. There are numerous deadlines that are set for requests including deadlines for requesters, staff members, employee's and third parties. There are times when staff members require additional time to search for responsive records. We always accommodate requests for additional time to be sure all responsive records are gathered. As the records are gathered, the public records officer proceeds with reviewing and redacting all responsive records, and if applicable, notifies staff and third parties before records are released.

All deadlines for new requests are set according to the number of requests that are pending with the District, and by the complexity of the request. The deadlines that we set for requests are estimates. For instance, we might be able to fulfill a request before a scheduled deadline. On the contrary, circumstances may arise when we need to extend a deadline. Every request that we receive is unique and we do our best to fulfill them as quickly and accurately as possible.

Let us know you have any questions.

Five-Day Letter

Dear Kristen Price,

Highline Public Schools received a public records request from you dated June 23, 2026. We will provide the records to you in installments. As we begin processing your request, we will go through your request and ask you to clarify portions of your request that are unclear. You requested the following:

"Pursuant to the Washington Public Records Act (Chapter 42.56 RCW), I am formally requesting the electronic production of the following public records concerning the district's policies, guidelines, and internal discussions regarding copyright restrictions and a requestor's right to copy public records:

Please provide these records electronically to my email address or upload them directly to the GovQA Records Center portal.

Thank you,
Kristen Price"

Please review a copy of our fee schedule which is located here <https://www.highlineschools.org/departments/records/public-records>. We will inform you in advance if charges apply and you will be given an opportunity to consent to the charges in advance.

We will notify you by **February 18, 2027**, to provide you with your first installment. This estimated time frame is based on the following factors:

- The fact that you requested records that may need to be redacted and redaction log created
- The fact that the district will be closed for an upcoming holiday

Please note that RCW 42.56.070 provides in part:

(8) This chapter shall not be construed as giving authority to any agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives to give, sell or provide access to lists of individuals requested for commercial purposes, and agencies, the office of the secretary of the senate, and the office of the chief clerk of the house of representatives shall not do so unless specifically authorized or directed by law.....

Let us know if you have any questions.

RE: Public Records Request Reference # P001011-062326

Dear Michelle,

Thank you for acknowledging my request.

Regarding the Estimated Timeline:

An estimated initial installment date of February 23, 2027, is not a reasonable period for the production of these records under RCW 42.56.520. This request is narrowly focused on specific legal and operational directives involving only two clear internal custodians (Bernard Koontz and Dr. Jenniffer Reinig) over a set historical timeframe.

A standard keyword search for terms like "IMC", "OPMA", and "28A.320.230" across these specific email archives takes minimal administrative time. Please provide an updated, realistic timeline for this initial electronic installment, or explain objectively why a localized search of two specific personnel archives requires eight months.

Regarding RCW 42.56.070(8):

As a resident and parent within Highline Public Schools, I formally declare that these records are requested strictly for personal research, accountability, and public interest purposes. None of the requested materials will be used, sold, or provided for any commercial purposes whatsoever.

I look forward to your revised installment timeline.

Sincerely,

Kristen Price

RE: Public Records Request Reference # P001010-062326

Dear Michelle,

Thank you for acknowledging my request.

Regarding the Estimated Timeline:

An estimated production date of February 18, 2027—nearly eight full months from today—is not a reasonable period for the production of these records under RCW 42.56.520. This request is narrowly tailored, targeting specific internal personnel communications, policies, and draft responses restricted to a compact two-month historical window (June 1, 2025 – July 31, 2025).

A standard keyword search across the internal mail servers for the specified custodians (Katie Virga, Tanisha Felder, and Gina Garcia Pena) can be executed in minutes. Please provide an updated, realistic timeline for this initial electronic installment, or provide an objective explanation as to why searching three specific staff mailboxes for a 60-day window requires eight months of administrative time.

Regarding RCW 42.56.070(8):

Pursuant to your notice, I formally declare that I am a resident and parent within Highline Public Schools. The records, correspondence, and internal metrics requested are strictly for personal research, accountability, and public interest purposes. None of the requested materials will be used, sold, or provided for any commercial purposes whatsoever.

I look forward to your revised installment timeline.

Michelle,

In light of the district's live statements today regarding my 'ineligibility' or exclusion from the Proposition 1 and 2 voter pamphlet committees, this serves as a formal Records Preservation Demand.

You are required by law to immediately preserve and secure all internal emails, text messages, Microsoft Teams logs, handwritten evaluation sheets, rubrics, and notes involving cabinet members, board directors, and communications staff concerning the eligibility review, vetting, and final curation of these ballot committees.

Given that the district has already established an explicit, vocal criteria for my exclusion on the live record today, the internal documents defining this decision are readily identifiable, immediately accessible, and must not be altered, deleted, or withheld under the guise of an 8-month administrative 'estimate.' Please log this preservation notice into the master file history immediately.

Dear Michelle,

Thank you for your response. I am providing the requested clarifications immediately below so processing can resume without delay.

Please note that under RCW 42.56.520, agencies are expected to process requests in a prompt manner. Given that the names of the district's own elected leadership are a matter of immediate public record, utilizing a request for clarification on these specific terms functions purely as an administrative stall tactic to pause the statutory clock rather than a good-faith effort to locate records.

1. Clarification of Staff and Board Member Names (Items 2 and 3):

To eliminate any ambiguity for your search queries, the specific district staff and elected School Board Directors to include in the search parameters are:

Superintendent Dr. Ivan Duran

Chief Communications Officer Tove Tupper

Director of Communications Mandi LeCompte

The School Board Directors as publicly listed on the district website at (<https://www.highlineschools.org/about/school-board>):

School Board Director Angelica Alvarez

School Board Director Joe Van

School Board Director Damaris Espinoza

School Board Director Blaine Holien

School Board Director Stephanie Tidholm

2. Objection to the Estimated Timeline:

An estimated initial production date of February 25, 2027, is entirely unreasonable under RCW 42.56.520. These records pertain directly to ballot measures coming before voters in the upcoming election cycle. Delaying the release of public committee selection rubrics and applications until eight months after the voting materials have been finalized defeats the entire purpose of transparency in public elections. This request is highly localized,

As a resident and parent within the district, I formally declare that these records are requested strictly for personal accountability, civic transparency, and public interest research. None of the requested materials will be utilized, sold, or provided for commercial purposes whatsoever.

Dear Ms. Terry,

I am writing in response to the identical, boilerplate form letters I have now received across six of my separate, pending public records requests:
P001030-070926

P001025-070626

P001024-070626

Each of these six distinct requests seeks highly specific, narrow, and readily available administrative records. Yet, the District has issued the exact same copy-pasted form text for all of them, claiming they have been placed in a generalized "queue" due to a backlog.

Under the Washington Public Records Act, copy-pasting generic backlog excuses across completely different requests violates your statutory duty to perform an individualized, case-by-case assessment of each request (RCW 42.56.520). A blanket first-come, first-served queue is not a lawful justification to delay the release of finite, easily accessible records.

Because these requests do not require massive email keyword sweeps or extensive archive searches, withholding them behind a generic administrative waiting line constitutes an unlawful constructive denial.

Including the Superintendent, School Board, and Holly as licensed attorney employed by the district for their awareness.

Please perform an actual, individualized assessment of these six specific requests and provide a lawful, expedited production schedule for each within 5 business days.

Sincerely,
Kristen Price

Dear Kristen Price,

Thank you for your response. Deadlines are set based on the number of requests that are currently pending in the District and the amount of time that it will take to fulfill your request. Each record has to be reviewed and redacted prior to release. Third-parties may also need to be notified in certain instances. Hi Michelle,

I am writing to formally object to the estimated completion date of April 1, 2027, for this request. A nine-month delay to produce the first installment of an exceptionally narrow search is entirely unreasonable and constitutes a constructive denial of access under Chapter 42.56 RCW.

As structured, this request is tightly constrained to:

Exactly three (3) named custodians (Van, Alvarez, Duran).

A highly restricted date range of approximately 65 days (May 1, 2026, through the date of request).

Specific, singular keyword filters.

There is no plausible technical or administrative justification for why a 60-day keyword search across only three mailboxes requires nearly three-quarters of a year to process.

Please be advised that under RCW 42.56.550(2), the burden of proof rests entirely on the district to establish that its time estimate is reasonable. This extreme delay strongly indicates an attempt to withhold responsive public records from public scrutiny during active municipal and board oversight windows.

Please review this timeline with your legal counsel, run the standard IT search query for these three mailboxes, and provide a drastically revised, lawful estimate for the first installment within five (5) business days. If this estimate is not corrected to a reasonable timeframe, this entry will be submitted to the King County Superior Court as evidence of systemic bad-faith non-compliance.

administrative obstruction and potential statutory non-compliance.

Dear Kristen Price,

Highline Public Schools received a public records request from you dated July 06, 2026. We would like to inform you that we will provide the responsive records to you in Adobe PDF format with metadata. You requested the following:

"Pursuant to Chapter 42.56 RCW, I request copies of all email correspondence, text messages, and digital communication logs (including metadata) between or among Board President Joe Van, Board Vice President Angelica Alvarez, and Superintendent Dr. Ivan Duran from May 1, 2026, through the present date. To constrain the scope of this search and expedite delivery, this request is strictly limited to records containing one or more of the following keywords or phrases:

"Pro/Con" OR "Pro committee" OR "Con committee"

"Pamphlet" OR "Voter's pamphlet"

"Ineligible" OR "Ineligibility" OR "Screening"

"Conflict" OR "Conflict of interest" OR "Recusal"

"Keiser" OR "Orwall"

"Prop 1" OR "Prop 2"

If any responsive records are withheld or redacted under a claim of privilege or exemption, please provide an itemized exemption log as required by RCW 42.56.210(3)."

Please review a copy of our fee schedule which is located here <https://www.highlineschools.org/departments/records/public-records>. We will inform you in advance if charges will apply and you will be given an opportunity to consent to the charges in advance.

We will notify you by **April 1, 2027**, to provide you with your first installment. This estimated time frame is based on the following factors:

- The volume and complexity of other public records requests currently pending with the District
- The volume and complexity of your request
- The fact that you requested records that may need to be redacted and redaction log created
- The fact that the district will be closed for an upcoming holiday

Please note that RCW 42.56.070 provides in part:

(8) This chapter shall not be construed as giving authority to any agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives to give, sell or provide access to lists of individuals requested for commercial purposes, and agencies, the office of the secretary of the senate, and the office of the chief clerk of the house of representatives shall not do so unless specifically authorized or directed by law.....

Let us know if you have any questions.

Dear Kristen Price:

Thank you for your interest in public records of Highline Public Schools. Your request has been received and is being processed in accordance with the State of Washington Public Records Act, Chapter 42.56 RCW. Your request was received in this office on 7/6/2026 and given the reference number **P001024-070626** for tracking purposes. NOTE: The day the request is received does not count as one of the five (5) days. Weekends and holidays observed by the agency are also excluded in the calculation. If your request has been submitted on the weekend, or on a holiday, the date received is the next business day.

Records Requested: Pursuant to Chapter 42.56 RCW, I request copies of all email correspondence, text messages, and digital communication logs (including metadata) between or among Board President Joe Van, Board Vice President Angelica Alvarez, and Superintendent Dr. Ivan Duran from May 1, 2026, through the present date.

Describe the Record(s) Requested:

Pursuant to Chapter 42.56 RCW, I request copies of all emails, text messages, internal memos, and calendar records sent to, received by, or copying Superintendent Dr. Ivan

1, 2026, through the present date. This search includes, but is not limited to, all correspondence referencing: "Tipton" OR "Aviation" OR "RAHS" "Graduation" OR "Banned" OR "Ceremony" "Sidelined" OR "Reassignment" OR "Interim" "NDA" OR "Non-disclosure" OR "Settlement" OR "Separation agreement" If any responsive records are withheld or redacted under a claim of privilege or exemption, please provide an itemized exemption log as required by RCW 42.56.210(3).

Be as specific as possible. Failure to provide specific information will result in the delay of fulfilling your request. Please provide all information you have concerning your request.

Preferred Method to Receive Records:

Electronic via Request Center

Please note not all public documents are available in electronic format. If the document(s) requested are not available electronically, we will make them available for inspection or by paper copy in accordance with the Public Records Law.

I, the undersigned do declare as follows: I understand that the use for commercial purposes of public documents which contain lists of individuals, violates Washington State Law and the privacy rights of such individuals. I understand that at a minimum, "commercial purposes" means that such lists will be utilized to contact or affect such individuals to facilitate, in any manner, profit-expecting activity. Therefore, I agree not to use the above-requested document(s) and I acknowledge an affirmative duty to prevent others from using such document(s) for commercial purposes.

I declare under penalty of perjury under the laws of the State of Washington that the foregoing is true and correct:

Yes

Many requests for inspection or copying of public records can be completed by the close of the next business day following the day the request is made. If your request is not complicated and the record readily available, it may be processed at the time it is received. In some circumstances the processing of your request or an official response to your request may take up to five (5) business days. The department cannot respond to your request to inspect or copy a record unless this form and declaration of non-commercial use is completed. If you have questions, please ask one of our employees. Thank You.

NOTE: The Public Disclosure Act is for the purpose of providing existing documentation or records, not for the purpose of gathering, sorting and/or creating new documentation. General questions specific to certain divisions/sections should be directed to appropriate personnel.

Hi Michelle,

I am writing to formally object to the estimated completion date of April 8, 2027, provided for Reference # P001025-070626. A nine-month delay to produce the first installment of an exceptionally narrow, targeted keyword search is entirely unreasonable and constitutes a constructive denial of access under Chapter 42.56 RCW.

As structured, this request is strictly limited to:

Exactly three (3) named executive custodians (Duran, Van, Alvarez).

A restricted date range starting from March 1, 2026.

Highly specific keyword filters directly concerning the employment status and

keyword query across only three specific mailboxes requires nearly three-quarters of a year to execute.

Please be advised that under RCW 42.56.550(2), the burden of proof rests entirely on the district to establish that its time estimates are reasonable. Pushing this critical timeline deep into 2027 strongly indicates a bad-faith attempt to withhold responsive public records regarding high-profile personnel reassignments from public scrutiny.

Please review this timeline with your legal counsel, run the standard IT search queries for these three mailboxes, and provide a drastically revised, lawful estimate for the first installment within five (5) business days. If this estimate is not corrected to a reasonable timeframe, this entry will be submitted directly to the King County Superior Court as evidence of systemic non-compliance.

I have included Superintendent Dr. Duran, the Highline School Board and Holly as licensed lawyer on this correspondence to ensure the district's executive leadership has immediate, direct notice of this administrative obstruction and potential statutory non-compliance.

Sincerely,
Kristen Price

Records Requested: Pursuant to Chapter 42.56 RCW, I request copies of all emails, text messages, internal memos, and calendar records sent to, received by, or

The date range for this request is March 1, 2026, through the present date. This search includes, but is not limited to, all correspondence referencing:

"Tipton" OR "Aviation" OR "RAHS"

"Graduation" OR "Banned" OR "Ceremony"

"Sidelined" OR "Reassignment" OR "Interim"

"NDA" OR "Non-disclosure" OR "Settlement" OR "Separation agreement"

If any responsive records are withheld or redacted under a claim of privilege or exemption, please provide an itemized exemption log as required by RCW 42.56.210(3).

Not all public documents are available in electronic format. If the document(s) requested are not available electronically, we will make them available for inspection or by paper copy in accordance with the Public Records Act, Chapter 42.56 RCW.

Your request will be forwarded to the relevant department(s) to locate the information you seek and to determine the volume and any costs associated with satisfying your request. You will be contacted about the availability and/or provided with copies of the records in question.

PLEASE NOTE: The State of Washington Public Records Act, Chapter 42.56 RCW, does not require a governmental body to create new information, to do legal research, or to answer questions.

You can monitor the progress of your request at the link below and you'll receive an email when your request has been completed. Again, thank you for using the Records Center.

Describe the Record(s) Requested:

Pursuant to Chapter 42.56 RCW, I request copies of all internal drafts, electronic communications, text messages, and preparatory logs shared between or among Joe

the present date. This request specifically targets: All correspondence containing the words "Proficient," "Evaluation," "BAR," or "Furlough." All communications regarding the scheduling, preparation, or executive session parameters concerning Item 9.2 ("Amended Superintendent Employment Contract"). Any text messages or chat logs generated by President Van or Vice President Alvarez during the active broadcast of the July 1, 2026 public meeting regarding public testimony or parent comments. If any responsive records are withheld or redacted under a claim of privilege or exemption, please provide an itemized exemption log as required by RCW 42.56.210(3).

Be as specific as possible. Failure to provide specific information will result in the delay of fulfilling your request. Please provide all information you have concerning your request.

Preferred Method to Receive Records:

Electronic via Request Center

Please note not all public documents are available in electronic format. If the document(s) requested are not available electronically, we will make them available for inspection or by paper copy in accordance with the Public Records Law.

I, the undersigned do declare as follows: I understand that the use for commercial purposes of public documents which contain lists of individuals, violates Washington State Law and the privacy rights of such individuals. I understand that at a minimum, "commercial purposes" means that such lists will be utilized to contact or affect such individuals to facilitate, in any manner, profit-expecting activity. Therefore, I agree not to use the above-requested document(s) and I acknowledge an affirmative duty to prevent others from using such document(s) for commercial purposes.

I declare under penalty of perjury under the laws of the State of Washington that the foregoing is true and correct:

Yes

Many requests for inspection or copying of public records can be completed by the close of the next business day following the day the request is made. If your request is not complicated and the record readily available, it may be processed at the time it is received. In some circumstances the processing of your request or an official response to your request may take up to five (5) business days. The department cannot respond to your request to inspect or copy a record unless this form and declaration of non-commercial use is completed. If you have questions, please ask one of our employees. Thank You.

Dear Ms. Terry,

I am writing in response to the identical, boilerplate form letters I have now received regarding four of my separate, pending public records requests:

P001030-070926

P001029-070926

P001027-070626

P001026-070626

Each of these four distinct requests seeks highly specific, narrow, and readily available administrative records. Yet, the District has issued the exact same copy-pasted form text for all of them, claiming they have been placed in a generalized "queue" due to a backlog.

Under the Washington Public Records Act, copy-pasting generic backlog excuses across completely different requests violates your statutory duty to perform an individualized, case-by-case assessment of each request (RCW 42.56.520). A blanket first-come, first-served queue is not a lawful justification to delay the release of finite, easily accessible records.

Because these requests do not require massive email keyword sweeps or extensive archive searches, withholding them behind a generic administrative waiting line constitutes an unlawful constructive denial.

I'm again copying the Superintendent, School Board, and Holly as licensed attorney employed by the district to ensure their awareness.

Please perform an actual, individualized assessment of these four specific requests and provide a lawful, expedited production schedule for each within 5 business days.

Sincerely,
Kristen Price

Dear Kristen Price,

Thank you for your response. Deadlines are set based on the number of requests that are currently pending in the District and the amount of time that it will take to fulfill your request. Each record has to be reviewed and redacted prior to release. Third-parties may also need to be notified in certain instances. We understand that the public records request process is a complex process. Your request has been entered into the queue. We will do our best to provide the records to you as soon as we are able.

Let us know you have any questions.

Dear Kristen Price,

Highline Public Schools received a public records request from you dated July 06, 2026. You asked us to search from May 15, 2026 to July 6, 2026. You requested the following:

"Pursuant to Chapter 42.56 RCW, I request copies of all internal drafts, electronic communications, text messages, and preparatory logs shared between or among Joe Van, Angelica Alvarez, and Superintendent Dr. Ivan Duran concerning the Superintendent's annual evaluation and contract amendment finalized at the July 1, 2026 school board meeting. The date range for this request is May 15, 2026, through the present date. This request specifically targets:
All correspondence containing the words "Proficient," "Evaluation," "BAR," or

Any text messages or chat logs generated by President Van or Vice President Alvarez during the active broadcast of the July 1, 2026 public meeting regarding public testimony or parent comments.

If any responsive records are withheld or redacted under a claim of privilege or exemption, please provide an itemized exemption log as required by RCW 42.56.210(3)."

Please review a copy of our fee schedule which is located here

<https://www.highlineschools.org/departments/records/public-records>. We will inform you in advance if charges will apply and you will be given an opportunity to consent to the charges in advance.

We will notify you by **April 13, 2027**, to provide you with your first installment. This estimated time frame is based on the following factors:

- The volume and complexity of other public records requests currently pending with the District
- The volume and complexity of your request
- The fact that you requested records that may need to be redacted and redaction log created
- The fact that the district will be closed for an upcoming holiday

Please note that RCW 42.56.070 provides in part:

(8) This chapter shall not be construed as giving authority to any agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives to give, sell or provide access to lists of individuals requested for commercial purposes, and agencies, the office of the secretary of the senate, and the office of the chief clerk of the house of representatives shall not do so unless specifically authorized or directed by law.....

A nine-month delay to produce the first installment of a highly structured, keyword-restricted search is entirely unreasonable and constitutes a constructive denial of access under Chapter 42.56 RCW.

As structured, this request is strictly limited to:

Exactly three (3) named executive custodians (Alvarez, Van, Duran).

Highly precise, specialized keyword filters directly concerning institutional overlaps, voting recusals, and regional agency alignments (specifically "PSESD", "Puget Sound ESD", and "Recusal").

While the date range spans back to January 1, 2024, the severe constraint on both the number of custodians (only 3 individuals) and the specificity of the search terms drastically minimizes the technical processing burden. Running an automated e-discovery query for these specific terms takes standard IT systems minutes to compile.

Please be advised that under RCW 42.56.550(2), the burden of proof rests entirely on the district to establish that its time estimates are reasonable. Delaying records that directly validate a pending, active ethics complaint regarding a sitting board member's professional conflict of interest until spring of 2027 strongly indicates a bad-faith attempt to insulate the district from timely legal and public accountability.

Dear Kristen Price,

Highline Public Schools received a public records request from you dated July 06, 2026. The District provides responsive records in Adobe PDF format with metadata. You asked the District to search from 1/1/2024, to 7/6/2026. You requested the following:

"Pursuant to Chapter 42.56 RCW, I request copies of all emails, text messages, internal memoranda, conflict-of-interest disclosure forms, and communication logs (including metadata) involving School Board Director Angelica Alvarez, Board President Joe Van, and/or Superintendent Dr. Ivan Duran.

The date range for this request is January 1, 2024, through the present date. To ensure prompt delivery and eliminate unnecessary administrative burden, this search is restricted to communications containing one or more of the following precise terms:

"PSESD" OR "Puget Sound ESD" OR "ESD 121"

"MTSS" OR "Multi-Tiered System of Supports"

"Grant alignment" OR "Grant voting"

"Recusal" OR "Abstain" OR "Ethics violation"

"Duran performance" OR "Duran contract"

If any responsive records are withheld or redacted under a claim of statutory privilege or exemption, please provide an itemized exemption log as required by RCW 42.56.210(3)."

Please review a copy of our fee schedule which is located here

<https://www.highlineschools.org/departments/records/public-records>. We will inform you in advance if charges will apply and you will be given an opportunity to consent to the charges in advance.

We will notify you by **April 15, 2027**, to provide you with your first installment. This estimated time frame is based on the following factors:

- The volume and complexity of other public records requests currently pending with the District
- The volume and complexity of your request

- The fact that the district will be closed for an upcoming holiday

Please note that RCW 42.56.070 provides in part:

(8) This chapter shall not be construed as giving authority to any agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives to give, sell or provide access to lists of individuals requested for commercial purposes, and agencies, the office of the secretary of the senate, and the office of the chief clerk of the house of representatives shall not do so unless specifically authorized or directed by law.....

Let us know if you have any questions.

Describe the Record(s) Requested:

Pursuant to Chapter 42.56 RCW, I request copies of all itemized invoices, billing statements, fee summaries, and payment ledgers submitted to Highline Public Schools by Pacifica Law Group and/or attorney Sam Chalfant from January 1, 2026, through the

narrative entries of the invoices are redacted under a claim of attorney-client privilege, the District must still provide the non-privileged portions of the records, including the invoice dates, the total hours billed, the hourly rates, the names of the attorneys or paralegals performing the work, and the total dollar amounts paid by the district from public funds.

Be as specific as possible. Failure to provide specific information will result in the delay of fulfilling your request. Please provide all information you have concerning your request.

Preferred Method to Receive Records:

Electronic via Request Center

Please note not all public documents are available in electronic format. If the document(s) requested are not available electronically, we will make them available for inspection or by paper copy in accordance with the Public Records Law.

I, the undersigned do declare as follows: I understand that the use for commercial purposes of public documents which contain lists of individuals, violates Washington State Law and the privacy rights of such individuals. I understand that at a minimum, "commercial purposes" means that such lists will be utilized to contact or affect such individuals to facilitate, in any manner, profit-expecting activity. Therefore, I agree not to use the above-requested document(s) and I acknowledge an affirmative duty to prevent others from using such document(s) for commercial purposes.

I declare under penalty of perjury under the laws of the State of Washington that the foregoing is true and correct:

P001029-070926, P001027-070626, P001026-070626, P001025-070626, and
P001024-070626

Dear Ms. Terry,

I am writing in response to the identical, boilerplate form letters—and
subsequent amendments—I have now received across six of my separate,
pending public records requests:

P001030-070926
P001029-070926
P001027-070626
P001026-070626
P001025-070626
P001024-070626

Each of these six distinct requests seeks highly specific, narrow,
and readily available administrative records. Yet, the District has issued the
exact same copy-pasted form text for all of them, claiming they have been
placed in a generalized "queue" due to a backlog.

Under the Washington Public Records Act, copy-pasting generic backlog
excuses across completely different requests violates your statutory duty to
perform an individualized, case-by-case assessment of each request (RCW
42.56.520). A blanket first-come, first-served queue is not a lawful justification to
delay the release of
finite, easily accessible records.

Because these requests do not require massive email keyword sweeps
or extensive archive searches, withholding them behind a generic
administrative waiting line constitutes an unlawful constructive denial.

Please perform an actual, individualized assessment of these six specific
requests and provide a lawful, expedited production schedule for each within 5
business days.

Sincerely,
Kristen Price

P001029-070926

Dear Ms. Terry,

I am in receipt of your identical, copy-pasted letters dated
July 14, 2026, regarding both Reference # P001030-070926 and Reference #
P001029-070926. Both letters use the exact same boilerplate text stating that
these distinct requests have been entered into a processing "cue" due to a
generalized backlog.

As previously stated, Washington law prohibits agencies
from using first-come, first-served queues as a blanket justification to delay the
release of public records (see
Andrews v. Washington State University). The District has a statutory duty under
RCW 42.56.520 to conduct an individualized, case-by-case assessment of each
request.

Using automated, boilerplate templates to place entirely
different requests—with vastly different scopes—into a generic waiting list
proves the District is failing to conduct the required statutory review.

Because these requests are highly narrow and seek readily
available administrative records, placing them in a multi-month queue
constitutes an unlawful constructive denial.

Again including the Superintendent, School Board, and Holly
as licensed attorney employed by the district to ensure awareness.

I expect the District to conduct an actual, individualized
assessment of both requests and provide a lawful, expedited production
schedule within 5 business days.

Sincerely,

As structured, this request is strictly limited to:

Invoices, billing statements, and payment ledgers from a single, specific outside entity (Pacifica Law Group / Sam Chalfant).

A tight, narrow date range spanning only from January 1, 2026, through July 9, 2026.

Accounts payable records and legal invoices are organized, central financial records compiled routinely by the district. There is absolutely no plausible technical, logistical, or administrative justification for why pulling six months of routine billing statements from a single law firm requires nearly a full calendar year.

Please be advised that under RCW 42.56.550(2), the burden of proof rests entirely on the district to establish that its time estimates are reasonable. Attempting to delay the release of public taxpayer funds being paid to a private law firm concerning a high-profile, active personnel dispute until the spring of 2027 strongly indicates a bad-faith effort to insulate the administration from timely public and financial accountability.

Please review this timeline with your legal counsel, pull the requested invoices from your finance department's database, and provide a drastically revised, lawful estimate for the first installment within five (5) business days. If this estimate is not corrected to a reasonable timeframe, this entry will be submitted directly to the King County Superior Court as further evidence of systemic statutory non-compliance.

Hi Michelle,

I am writing to formally object to the estimated completion date of April 29, 2027, provided for Reference # P001029-070926. A ten-month delay to produce existing, centralized financial invoices and billing records is entirely unreasonable, indefensible, and constitutes a constructive denial of access under Chapter 42.56 RCW.

Dear Kristen Price,

Highline Public Schools received a public records request from you dated July

"Pursuant to Chapter 42.56 RCW, I request copies of all itemized invoices, billing statements, fee summaries, and payment ledgers submitted to Highline Public Schools by Pacifica Law Group and/or attorney Sam Chalfant from January 1, 2026, through the present date.

To eliminate administrative burden, this request is strictly limited to legal billing, work logs, and compensation paid regarding representation, consulting, or advice concerning Raisbeck Aviation High School and/or Principal Therese Tipton. If the narrative entries of the invoices are redacted under a claim of attorney-client privilege, the District must still provide the non-privileged portions of the records, including the invoice dates, the total hours billed, the hourly rates, the names of the attorneys or paralegals performing the work, and the total dollar amounts paid by the district from public funds."

Please review a copy of our fee schedule which is located here <https://www.highlineschools.org/departments/records/public-records>. We will inform you in advance if charges will apply and you will be given an opportunity to consent to the charges in advance.

We will notify you by **April 29, 2027**, to provide you with your first installment. This estimated time frame is based on the following factors:

- The volume and complexity of other public records requests currently pending with the District
- The volume and complexity of your request
- The fact that you requested records that may need to be redacted and redaction log created
- The fact that the district will be closed for an upcoming holiday

Please note that RCW 42.56.070 provides in part:

Dear Ms. Terry,

I am writing in response to your email sent today, July 16, 2026,
regarding Public Records Request Reference # P001036-071326, which states:
"Be are processing your request. Please be patient as we search for and review
the records."

This response is a flat violation of the Washington Public Records
Act. Under RCW 42.56.520, the District is strictly mandated to provide a specific,
reasonable estimate of time. Pleading for "patience" while systematically
retracting previously established deadlines is not a lawful response.

my pending requests. Over the last 24 hours, the District has repeatedly retracted established dates and replaced them with indefinite, open-ended placeholders:

P001036-071326: The District retracted its August 18, 2026 timeline and replaced it with "please be patient"—simply to avoid producing a single, existing job description for an active employee.

P000972-052126: The District retracted its October 22, 2026 timeline and replaced it with "just as soon as we are able," while actively refusing to provide the invoice to allow me to pay for the 114 records you have already located.

P000975-052226: The District similarly retracted its timeline and replaced it with "just as soon as we are able."

Replacing statutory time estimates with indefinite delay language constitutes an active constructive denial of these records. The District cannot place simple, finite requests into an permanent administrative holding pattern to avoid public transparency.

This is my final effort to resolve these matters short of litigation.

If the District does not produce the single job description document for P001036-071326, and provide the outstanding payment invoices and definitive production dates for P000972-052126 and P000975-052226 by tomorrow, Friday, July 17, 2026, at 5:00 PM, I will proceed with formal legal enforcement in King County Superior Court without further notice.

Sincerely,
Kristen Price

Dear
Ms. Terry,

Thank you for your amended notice stating that this request
has been entered into a processing "cue."

Please be advised that under Washington law, an agency cannot
satisfy its statutory obligation to provide a "reasonable estimate" of time under
RCW 42.56.520 by simply placing a request into a generalized, first-come, first-
served administrative backlog. The Public Records Act requires an
individualized, case-by-case
assessment of the specific records sought.

The parameters of this specific request are exceptionally
narrow, involving one single school district vendor. It requires no massive email
keywords searches or extensive multi-department document retrieval.

Because the record sought is readily available and finite,
holding it hostage behind a generalized administrative queue constitutes an
unlawful constructive denial.

I've included the Superintendent, School Board, and Holly as licensed attorney
employed by the district to ensure their awareness in this email response and
will upload identical text to the portal.

Please provide the actual operational basis for why this
specific isolated record requires an extended timeline to review and produce

Hi Michelle,

single, pre-existing master retainer agreement or legal services contract is entirely unreasonable and constitutes a clear constructive denial of access under Chapter 42.56 RCW.

This request is exceptionally narrow, targeting a single category of administrative records: the contract, letter of engagement, or board authorization executed between Highline Public Schools and Pacifica Law Group for the 2025–2026 and 2026–2027 fiscal cycles.

A public agency's master legal contract is a centralized, easily accessible document. There is zero plausible technical or administrative justification for why a single, static contract requires nearly a full calendar year to locate and produce.

Please be advised that under RCW 42.56.550(2), the burden of proof rests entirely on the district to establish that its time estimates are reasonable. Delaying the basic disclosure of an outside law firm's taxpayer-funded hourly rates and contract terms until mid-2027 strongly indicates a bad-faith effort to insulate the administration from public oversight.

Please review this timeline with your legal counsel, pull the contract from your administrative files, and provide a drastically revised, lawful estimate for production within five (5) business days. If this estimate is not corrected, this entry will be submitted directly to the King County Superior Court as further evidence of a pattern of statutory non-compliance.

I have included Superintendent Dr. Duran, the Highline School Board, and Holly as licensed attorney on this correspondence to ensure the district's executive leadership has immediate, direct notice of this administrative obstruction.

Sincerely,
Kristen Price

Dear Kristen Price,

Highline Public Schools received a public records request from you dated July 09, 2026. You requested the following:

"Pursuant to Chapter 42.56 RCW, I request a copy of the master retainer agreement, contract for legal services, letter of engagement, or board authorization parameters executed between Highline Public Schools and Pacifica Law Group (including any specific riders naming attorney Sam Chalfant) governing legal counsel, labor negotiations, or personnel matters for the 2025–2026 and 2026–2027 fiscal cycles. Please include any documents detailing the approved hourly rates and fee structures."

Please review a copy of our fee schedule which is located here <https://www.highlineschools.org/departments/records/public-records>. We will inform you in advance if charges will apply and you will be given an opportunity to consent to the charges in advance.

We will notify you by **May 4, 2027**, to provide you with your first installment. This estimated time frame is based on the following factors:

- The volume and complexity of other public records requests currently pending with the District
- The volume and complexity of your request
- The fact that you requested records that may need to be redacted and redaction log created
- The fact that the district will be closed for an upcoming holiday

Please note that RCW 42.56.070 provides in part:

(8) This chapter shall not be construed as giving authority to any agency, the office of the secretary of the senate, or the office of the chief clerk of the house of representatives to give, sell or provide access to lists of individuals requested for commercial purposes, and agencies, the office of the secretary of the senate, and the office of the chief clerk of the house of representatives shall not do so unless specifically authorized or directed by law.....

Let us know if you have any questions.

RE: Clarification for Public Records Request - Reference
P001034-071326

Dear Ms. Terry,

I am writing to provide the clarification requested in
your July 15 notice.

As explicitly stated in my initial July 13 request, these
records pertain strictly to the hiring process of Superintendent Dr. Ivan Duran
which occurred in 2022.

To provide specific parameters for your search database:

Start Date: January 1, 2021

End Date: December 31, 2022

This window fully encompasses the recruitment, vetting,
application, background checks, and ultimate hiring process that took place
prior to and during 2022. Because these documents are tied to a specific
executive search and hiring cycle from a defined historical period, they should
be isolated and readily accessible
within human resources and board records.

Please proceed with the fulfillment of this request using
these dates.

Sincerely,

Kristen Price

Dear Kristen Price,

Highline Public Schools completed and closed your Public Records Request P001036-071326. We are providing you with two records. This completes your request and there are no other records to provide to you. The following is what you requested:

Dear Ms. Terry,

I am in receipt of your response dated today, July 16, 2026,
stating: "Be are processing your request. Please be patient as we search for and
review the records."

Please be advised that "please be patient" is not a lawful
estimate of time under RCW 42.56.520. By retracting your previously
established August 18, 2026 completion date and replacing it with an indefinite
holding pattern, the District is in active violation of its statutory duties.

A citizen seeking a single public employee's active job
description cannot be placed into an indefinite administrative queue. This
constitutes an active constructive denial of my request.

As with my other pending requests currently held in indefinite

enforcement in Superior Court
without further notice.

Dear Ms. Terry,

I am in receipt of your five-day response proposing an August 18, 2026 completion date.

My request is strictly limited to a single, existing administrative record: the official job description, memorandum of expectations, or position statement governing Therese Tipton's current central office assignment. This record is already finalized and maintained by the Human Resources

searches, archival retrieval, or the review of voluminous pages, a five-week delay to locate and produce a single employee job description is legally unreasonable under RCW 42.56.520.

Additionally, your inclusion of RCW 42.56.070(8) regarding commercial lists of individuals is entirely inapplicable. I am not seeking a "list of individuals" for commercial purposes; I am seeking the singular job description of a specific public official.

To ensure organizational awareness regarding this delay, I have included the Superintendent, the School Board, and the Chief Policy & Strategy Officer on this correspondence.

I request that the District immediately transmit this single, existing document without further delay.

Sincerely,

Kristen Price

HIGHLINE PUBLIC SCHOOLS Job Description

JOB TITLE: HIGH SCHOOL PRINCIPAL, SMALL SCHOOL

GROUP: Building Administration **LEVEL:** High School Principal (Small School-Category A or B)

FLSA STATUS: Exempt

WORKDAYS PER FISCAL YEAR: 246

HOLIDAYS: 14

SUMMARY: This position of principal requires a visionary instructional leader who has the capacity to work effectively with an experienced staff and a highly diverse student community to assure that each student achieves the district vision of preparing all students for college, career, and global citizenship by engaging all students in rigorous, relevant, and personalized learning.

CONTEXT AND WHO WE ARE: Highline Public Schools serves students and families in the communities of Burien, Des Moines, Normandy Park, SeaTac and White Center in Washington state.

OUR PROMISE: *Every student in Highline Public Schools is known by name, strength and need, and graduates prepared for the future they choose.*

In 2013, families, students, staff and community members across Highline came together to develop a strategic plan that reflects our goals and dreams for students. Our strategic plan is our equity plan and is guided by Our Promise. In 2023, the strategic plan was updated to guide our work, identifying four bold goals:

- **Culture of Belonging:** *A culture where all are welcome, valued, and safe.*
- **Innovative Learning:** *Academic experiences that engage, empower, and challenge every student.*
- **Bilingual & Biliterate:** *Multicultural skills that enable students to live, work, and communicate across cultures.*
- **Future Ready:** *Students explore possibilities and develop mindsets that prepare them for a changing future.*

ESSENTIAL DUTIES AND RESPONSIBILITIES include the following. This list is meant to be representative, not exhaustive. Some incumbents may not perform all the duties listed while in other cases related duties may also be assigned. Reasonable accommodations may be made to enable individuals with disabilities to perform the essential functions.

A. As key administrator of the building:

- Plan, organize, direct, support, and strengthen small high school. Implement practices that support academic rigor, relevance and relationships within the school and for the overall campus. Establish and lead a learning agenda for the school as an instructional leader.
- In conjunction with campus-wide leadership team, administer campus-wide shared services and programs including extra-curricular activities, athletics, office administration, special programs and services, maintenance, food service, and transportation.
- Supervise and manage office team, coaching especially in organizational change, human capital development, and the creation of a responsive service-delivery department.
- Select, train, organize, motivate, monitor and evaluate staff.
- Direct, supervise and evaluate the instructional, guidance and counseling services of the school.
- Maintain and apply current knowledge of all district services available and keep staff and parents apprised of

same; support and utilize effectively such special programs, participate in evaluation of these services or programs, and recommend others as needed.

- Work with teachers toward mutually understanding, developing and carrying out a sound educational program based upon and consistent with the educational goals, policies and regulations of the school and district.

B. As instructional leader of the school:

- Lead the continuous improvement of instructional practices.
- In partnership with District, identify learning competencies for core content courses.
- In partnership with District, establish an appropriate assessment system that aligns with learning targets and provides timely and useful information to guide instructional improvements.
- Design and deliver targeted professional development for staff.
- Develop a professional learning community culture and model the characteristics of a learner.
- Analyze small school performance, prepare reports, monitor and hold school accountable for performance.
- May be requested to teach students as part of overall school leadership assignment.
- Spend time in classrooms as a consistent on-going practice.
- Develop and implement annual school improvement plan, including meeting applicable timelines and requirements.

C. As facilitator of the school/community climate & culture:

- Create and inspire a culture of student achievement aimed at preparing students for college, career and citizenship.
- Promote small school through effective outreach programs, various communication tools, and friendly responsiveness to parent and teacher requests for service and placement.
- Participate in the development of policies, procedures and best practices (including waivers) that promote and support small school efforts.
- Create a safe and conducive learning environment for students and staff.
- Be responsible for all activities that take place in the name or under the auspices of the school.

D. General:

- Evaluate all personnel under his/her supervision at least annually and assist subordinate supervisory personnel with the development of their specific objectives.
- Responsible for the accuracy of all student records and school information.
- Be responsible for developing and managing school budget including the expenditure of student body funds and related revenue-providing activities.
- Work with district departments as necessary to inform and share knowledge regarding effective and efficient central office support of small schools.
- Develop objectives annually in compliance with board policy and administrative procedures.
- Perform such other related duties and assume such other related responsibilities as may be assigned by the Executive Director for Secondary Schools.

Floater Administrator Onboarding

Overview

This onboarding plan is designed to support a balance between onboarding to the work of HR (and its function in the district) and building the knowledge, skills, and relationships necessary to execute the portfolio-specific scope of work.

Portfolio Summary

This portfolio is focused primarily on substitute workforce management for certificated substitute employees (daily/guest and Floater/contract). The portfolio touches each of the employee life cycle stages, with unique challenges and opportunities to be explored:

- **Recruitment & Hiring** This position will assess, design and implement continuous improvement processes to increase the number and quality of daily substitutes, under the direction and in collaboration with the Assistant Director of Recruitment & Hiring.
- **Professional Learning/Development** This position will assess, design and implement a coherent professional learning plan for certificated substitutes, in alignment with existing work within the department, to expand meaningful offerings for Daily and Floater Certificated Substitutes.
- **Evaluation** This position will directly supervise/evaluate the Floater (Certificated) Substitute cohort, in alignment with Article 10 of the HEA-HSD CBA; and will work collaboratively with the Substitute/Hiring team to (re)design feedback and evaluative mechanisms for daily certificated substitutes.

Additional responsibilities will include availability for short-term system support – namely administrative leave coverage, as needed. This portfolio has been designed to support flexibility in the event that an assignment in-building is necessary.

First 30 Days | People—Learn & Assess

Focus: Build relationships, understand the gap, learn the HR practices, processes, and expectations associated with substitute workforce management, and assess current practices.

Day One: Connect, Orient & Understand

Purpose: Establish a strong foundation for success by understanding the role, the portfolio, key stakeholders, and immediate priorities.

Focus Questions

- What challenges and opportunities currently exist in the substitute workforce?
- Who are the key stakeholders influencing substitute success?
- What decisions can be made independently versus collaboratively?

- What questions, needs, support arise for next steps?

Notes – Progress Monitoring 30/60/90

Days 61–90 | Impact—Evaluate & Set Direction

Focus: Evaluate progress, assess impact and opportunities to pivot; including strategic goals (collaborative) for 2026-27.

Key Questions

- What improved as a result of 30/60 day plan/execution?
- What little data can be monitored to inform progress/ongoing challenges?
- How can recruitment and retention efforts be strengthened?
- What is needed so that Floater Substitute evaluations are conducted effectively and equitably?

GOALS & MEASURES OF SUCCESS – 90 DAYS (SEPTEMBER):

Goal: Floater Substitutes have a meaningful start of year in schools and know what to expect of the evaluative process.

- 100% of Floater Substitutes have had an introductory meeting.
- 100% of Floater Substitute observations are scheduled; with #/% completed by [date].

DELIVERABLE: Substitute (daily/cert) hiring plan with clear 30/60/90 day improvement plan set for identified process improvement.
